bath junkie

Bath Junkie parties are unique & fun group outings—birthdays, bridal parties, baby showers, club meetings, team building, client appreciation—any age, any occasion! You and your guests will get hands-on creating products in scents and colors unique to each of you.

For parties held during normal business hours, our guest minimum is 6 and a maximum of 12. Parties generally run between 1 & 1.5 hours depending on the party package you select, your number of guests and their ages; we will confirm the approximate length of your party when scheduled. You will have access to the party table for 90 minutes regardless of how long it takes for guests to make their products. This generally allows a short time for cake, cupcakes, or other treats for consumption after products are made, if desired.
